

Periodic Table of Elements

Please note - Lr and Lu are included twice depending on if you wish to display the lanthanide and actinide series' below the table. There are also two key cards for alkali earth metals/alkaline metals so you can choose the term most appropriate to your needs.

To print smaller, in adobe reader please go to print - multiple and select number of images per page. Standard setting is each element box is the width of a portrait A4 page.
