The Lord Chamberlain needs some help planning a party to celebrate the Platinum Jubilee of Queen Elizabeth II. Can you help?

200 people have been invited to the garden party. If each table seats 5 people, how many tables will they need?

The palace bakers are making cakes for the party. Each cake can serve 12 people. If each guest has one piece of cake, how many cakes will be needed? How many pieces will be left over?

The palace staff are serving sandwiches for the guests. If each guest is to have 3 sandwiches, how many will need to be made?

Each table is decorated with flowers. If the flowers cost £24.95 per vase, how much will it cost for all the flowers in total?

Two waiters per table have been hired. They are paid £10 per hour. The garden party lasts for 4 hours. How much will it cost for all the waiters needed?

A brass band has been hired to play at the garden party. There are 14 members of the band. If the band is given £3479 for playing, how much will each member earn?

The party lasts for 3 hours. If each piece of music lasts an average of 8 minutes how many pieces of music will the band need to play?

30 minutes have been assigned for speeches. If Queen Elizabeth's speech lasts for 12 minutes and Prince Charles' speech lasts for 9 minutes, how long does the Prime Ministers speech needs to last for?

153 ladies are attending the party. If five sixths of them want to dance how many will not be dancing?

Each guest will be given a gift of a souvenir coin as they leave the party. If there are 200 guests, and each coin costs £5, how much will the souvenirs cost?
